

# SpeedCouple Pre-installed Elbow Coupling

SpeedCouple is a pre-installed elbow coupling that is ideal for tight spaces. SpeedCouple is available on DuraGuard™ steel elbows, standard elbows and special radius elbows in trade sizes 2-5.

## Listing

SpeedCouple pre-installed elbow couplings are listed to UL-514B.

SpeedCouple DuraGuard steel elbows are listed to UL-6 and are manufactured and UL® Listed to both U.S. and Canadian requirements.

## Locations

SpeedCouple is not approved for wet locations. Wheatland Tube's standard conduit and standard couplings are approved for wet and hazardous locations, including direct burial.

SpeedCouple is not approved for hazardous locations.

SpeedCouple rigid steel elbows are permitted in installations and locations covered by Article 344—Rigid Metal Conduit of the National Electrical Code®. Reference 344.42 for threadless couplings and connectors.

## Coatings

SpeedCouple is zinc-electroplated.

## Miscellaneous

The conduit must be wrench tightened.

## SPEEDCOUPLE 90° ELBOWS WEIGHTS, DIMENSIONS AND PACKAGING
