

SmartSet™ EMT with Built-in Set Screw Coupling

SmartSet EMT with built-in set screw coupling saves you time and money on every job. The engineered steel set screw coupling comes built into one end of every piece of EMT. SmartSet EMT is available in trade sizes 1¼–4 and in 10' and 20' lengths.

Listing

SmartSet EMT is listed to safety standards UL-797 and UL-514B for fittings.

SmartSet EMT is manufactured in accordance with ANSI® C80.3.

Locations

SmartSet EMT is to be installed in accordance with the requirements of the National Electrical Code® (NEC®), or as approved by the local authorities having jurisdiction. Reference NEC Articles 358 (Electrical Metallic Tubing) and 358.42 (Couplings and Connectors).

Acceptable for use in all locations where standard EMT is allowed with associated fittings

SmartSet EMT is not listed as concrete tight.
