

January 10, 2025

Ref: Buy American Provisions of the American Recovery and Reinvestment Act (ARRA)  
Compliance with 49 U.S.C 5323(j)(1) and applicable regulations in 49 CFR Part 661

Dear Valued Customer:

Please let this letter serve as documentation that the steel pipe, sprinkler pipe, conduit and conduit fittings manufactured by Wheatland Tube Company are produced domestically in the United States of America. Additionally, Wheatland's products meet the Buy American Provisions of the American Recovery and Reinvestment Act (ARRA) requiring steel products to be 100% made and melted in the USA, if requested on the purchase order. As of January 2025, Wheatland's steel running thread pipe will also be compliant.

At the time of this writing, the following exceptions exist:  
Wheatland's 10" Schedule 10 is manufactured by Atlas Tube (Zekelman Division) in Canada and finished in the USA. Additionally, Speed Couplings and Strut Accessories are supplied by, not produced by, Wheatland Tube. These products will not meet the Buy America(n) requirements of the ARRA.

If I can be of any further assistance, please do not hesitate to contact me.

Sincerely,

Tiffany Dunworth  
Technical Services Manager
