XL-radius elbows

*72", 96", 120",
144" and 150"*

Trade sizes

Rigid: 1-6

**Space constraints and sidewall pressure are
no match for Wheatland Tube's XL-radius elbows**

Standard elbows don't always cut it when you're up against obstacles in the field or excessive sidewall pressure. Wheatland Tube's XL-radius elbows help you work around awkward spaces and allow for faster and safer wire-pulling by reducing sidewall pressure on medium voltage (MV) or 600V wire cable pulls. And, our XL-radius elbows are made in the USA with the level of quality and attention to detail only Wheatland Tube can deliver.
